Your ultra-discreet hearing support.

The new Pure 10.

Spending time with your loved ones is all about communicating. Whether you are reading a children's story or catching up on the latest news with friends and family, Pure™ 10 from Signia gives you the confidence of hearing a more natural sound without any hassle. These incredibly tiny, fully automatic hearing aids hide behind your ears to make hearing what's important as simple as possible.

Absolute discretion

Signia's tiny Pure 10 sits nearly invisibly behind your ear. For a maximum of convenience and discretion, it can be remotely controlled via your smartphone.

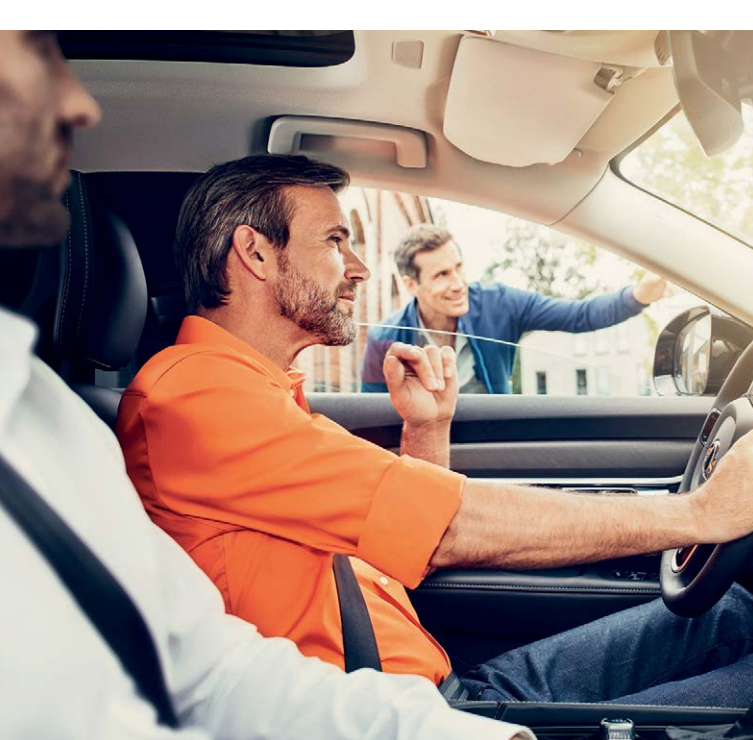

Pure simplicity for hassle-free hearing

With no buttons required for manual adjustments, the fully automatic Pure 10 gives you the ultimate in simplicity and superior sound quality.

For a broad range of hearing loss

Mild, moderate or severe hearing loss, Pure 10 tackles all these challenges and gives you back the natural sound of life.

Experience the joy of a more natural sound.

Clear sound with a natural flow.

Holding a conversation requires concentration and effort as soon as surrounding noise distracts you from hearing what matters.

Pure 10 is expertly equipped to tackle this challenge. It focuses on your conversation partner while filtering unwanted background noise automatically. You hear most clearly what you want to hear without any hassle or worry.

Please note:

Features may vary depending on the configuration of the individual hearing aid. Your hearing care professional will be happy to assist you.

Speech in noise

Thanks to its **Speech Quality**, the new Pure 10 enables you to hear speech clearly in all situations through sophisticated microphones and advanced noise suppression technologies. This makes it easier for you to understand your conversation partner, even in very noisy environments such as a restaurant or a conference.

Clear sound

Pure 10's **Sound Clarity** offers a more natural, lifelike sound in all environments.

Simplicity and discretion in one.

Signia's Pure 10 is so simple in its design that you don't have to adjust it for an excellent hearing experience.

Pure 10 is nevertheless fully compatible with the touchControl App™*. This offers you discreet remote control, letting you change hearing programs and adjust the volume, bass and treble as you wish. All you need is a smartphone.

Connect to the ease of control.
